CHERNOBYL CHILDREN'S PROJECT

The Chernobyl Children's Project was founded six years ago in response to the plight of the victims of the Chernobyl nuclear disaster. Its main work is engaged in sending humanitarian aid to Belarus and western Russia. The Chernobyl Children's Project will be marking the 10th anniversary of the disaster (26th April) in a special way:

- The largest mobile aid convoy, consisting of 30 ambulances and 4 medical aid trucks will depart for the Chernobyl area and will arrive for the anniversary on April 26th. The convoy will cost in the region of £170,000.
- The project have specific plans to rebuild and renovate an orphanage in Belarus and a hospital in western Russia. The cost here is in the region of £100,000.
- Over 700 children from the affected areas of Chernobyl will be brought to Ireland for rest and recuperation this summer, both to individual family homes and to the Barrettstown Hole in the Wall Gang Camp in Co Kildare.

As we move towards the 10th anniversary of what has been declared by the United Nations as the "greatest environmental catastrophe in the history of mankind", Chernobyl has become a byword for environmental disaster. Radiation has become an invisible enemy that, according to the latest UN report, has marred the lives of 9 million people including 3 - 4 million children. Not only has radiation endangered the genetic future of those exposed to it, but its evil power of destruction has also damaged the intricate cycle of all life. The suffering is medical, environmental, emotional, psychological and economical. Chernobyl has become a tragedy of planetary proportions as radiation recognises no territorial boundaries. The people of the region were exposed to radioactivity 90 times greater than that from the explosion of the Hiroshima atomic bomb. The main long term concern is the effect of continued, relatively low-dose exposure to radioactivity.

LANDMINES

The exciting news in the Republic is that the Fianna Fail-sponsored bill to ban landmines in Ireland may be debated in the Dail on 16th or 17th April. The bill states that the Minister for Foreign Affairs "shall prohibit the production, procurement, transfer, sale, repair, stockpiling, import and use of anti-personnel landmines in the State". This could be significant in adding further international pressure on those countries who do deal in landmines. Pax Christi is urging people to write to their TDs or the Minister for Foreign Affairs to support this private member's bill.

As part of Pax Christi's ongoing campaign on the issue there will be a public meeting and press conference to coincide with the likely Dail debate. Pieter van Rossem (Pax Christi Netherlands), Ian Woodmancy (Oxfam England) and Ann Capelle (Handicap International, Brussels) will speak at a public meeting in the Walton Lecture Theatre, Trinity College Dublin, at 7 pm on Monday 15th April; they'll also address a press conference at Buswells Hotel, Dublin at 11 am the following day, Tuesday 16th April.

* Pax Christi, 52 Lower Rathmines Road, Dublin 2. Phone 01 - 496 5293.

Meanwhile Oxfam, North and South, are also engaged in a campaign on the issue (the UN Convention on Inhumane Weapons reconvenes 21st April so it is a good time to put political pressure). They are encouraging people to write to their local MP in the North or the Rt Hon David Davis, Minister for State, The Foreign and Commonwealth Office, Downing Street, London SW1A 2AL. A sample letter and further information are available from Oxfam. They also invite sponsorship to help people locally, worldwide, affected by landmines. * Oxfam, 52-54 Dublin Road, Belfast BT2 7HN. Ph 01232 - 230220; Oxfam, 19 Clanwilliam Terrace, Dublin 2. Phone 01 - 661 8544.

PEACE PEOPLE ELECTION INTERVENTION IN NORTH

The Peace People are planning to put together a 'peace partnership' platform for the 30th May elections. Ciaran McKeown stated that "the Peace People will not themselves form either a political party or part of a coalition. But for the purpose of influencing the nature of the constitutional settlement, we will have no hesitation in throwing ourselves with all our energy and enthusiasm into an election". Despite not getting onto the government's initial list [Ed - the government decide who can contest this 'modified list system' election] the Peace People are optimistic about making it onto the final slate. The Peace People have produced a 'Manifesto for a peace partnership' document based on their Citizens Campaign policies and this is available from; Peace People, 224 Lisburn Road, Belfast BT9 6GE. Ph 01232 - 683465; Fax 683947.

[Ed; Among those included in the government's initial list to contest the elections are the Green Party, Sinn Fein, SDLP, Natural Law Party and a number of unionist and loyalist parties; also excluded is the IRSP].

NESTLE BOYCOTT CONTINUES IN DUN LAOGHAIRE/RATHDOWN

Nestle failed to show at a 29th February meeting of Dun Laoghaire/Rathdown County Council, to which Baby Milk Action were also invited, to debate the Council's policy to boycott Nestle products. Nestle had protested about this policy, hence the meeting. The boycott policy thus continues (in protest at Nestle's immoral promotion of bottle milk in a situation where a baby dies every 30 seconds from unsafe bottle feeding).
